MEDICAL DECLARATION AND POLICY

Kid Kingdom International Kindergarten strictly follows a medical policy in relation to children who may have become ill at school or who come back to school sick.

1. Sick Children:

If a child becomes ill at school and shows symptoms of a developing sickness—such as fever, influenza, chicken pox, HFMD, or other common childhood diseases—or if the symptoms raise concerns about the potential spread to other children, the school’s duty of care obliges us to promptly hand the child over to the care of their parents.

The parents will be contacted and asked to collect the child from the school. The child will be waiting in the first aid room.

In the case of a contagious disease, the parents are required to keep the child at home until they receive clearance from a doctor to return to school.

2. Approval to take the following actions in relations to child health:

- Do you allow school staff to conduct growth measurements—measuring body height and weight every 2 months? Yes No

- Do you allow school staff to check your child’s hair when there is suspicion of head lice? Yes No

- Do you allow our registered nurse or staff to administer **first aid care**? Yes No
** Any medical treatment that requires the attention of a physician must be managed by the parent.*

- Do you allow our registered nurse or staff to give your child **Tylenol** or its equivalent for minor aches and fevers? Yes No

- Do you allow the school to bring your child to the hospital in emergencies that require immediate medical attention? Yes No
** The school will make every reasonable effort to contact the parent/guardian.*

3. Medical to be administered at school:

For all medications that a child needs to take at school, the medication must be in its original packaging in English or Thai, with the expiry date clearly visible. Prescription medications must have an accompanying prescription from a doctor.

Accident Insurance:

Our school accident insurance policy covers up to 10,000 Baht in medical expenses for each accident.
